Email: jaiswalshubham479@gmail.com
Portfolio: shubham1007.github.io
GitHub: github.com/Shubham1007
LinkedIn: linkedin.com/in/Shubhjaishwal

EDUCATION

Vellore Institute of Technology, Chennai
B.Tech in Computer Science and Engineering
CGPA: 7.8/10

Expected May, 2020

PROFESSIONAL SKILLS

PROGRAMMING

Comfortable: C, C++, Java, Python, Javascript
DevOps: Git, Docker, AWS
Framework: Node.js, Angular.js, Flask, Spring, Maven
Operating System: Linux, Windows

PROGRAMMING CLUBS

- Code-Y-Gen: Algorithmic Developer

INTEREST

- Data Structures And Algorithms
- Web Development
- Machine Learning
- Programming Contests

SUMMARY

I am a competitive programmer and I am fascinated by the application of data structures and algorithms to the real-life problems. I am targeting for a role to make me more confident about applying the knowledge gained through competitive programming to industry level problems and unleashing my full potential to add value to the company.

PROJECTS

TELEGONUS

It is web service which will detect unique system using user agent of the system and we find any fake user agent which is not available in side our database we will show him unsolvable captcha .

RESTAURANT RECOMMENDATION SYSTEM

A collaborative filter technique and a contextual approach. The task is to generate a top-n list of restaurants according to the consumer preferences.

DOC ASSISTANT

Chat between a Doctor and a Patient where patient requests for a chat consultation and chatbot asks question to patient once the questions have completed, a request goes to a doctor who can join the chat.

BRAILLE READER

Braille Reader can translate a page in Braille to English within seconds. The raised dots of a Braille Page are detected by the Braille Reader which is then cross referenced with the database to get the correct character.

MULTI WEB ADDON

The main objective of this extension is to help people accomplish their tasks fast and easily. It gets all useful addons in one place and performs numerous tasks with ease.

ONLINE COMPILER

Online Compiler with C , C++ , java and python compiler. Quick and easy way to compile program online.

ACHIVEMENTS

- Facebook Developer Circles Hackathon 2018 : 4th Prize
- Hackerearth: Ranked 12/705 in Hackerearth CodeArena.
- Codechef: Ranked 362/9052 in Codechef June 2018 long Challenge
- Hackerearth: Ranked 380/5680 in Hackerearth February Circuits '18
