SKILLS

PROGRAMMING
Comfortable:
• Java • Python • C++ • Go
Framework:
• NodeJS • Dropwizard •Django
• Spring Boot

Devops:
• Docker• AWS
• GIT

Operating System:
• Linux • Windows

COURSEWORK

UNDERGRADUATE
Data Structures and Algorithms
Operating Systems
Machine Learning
Software Engineering
Mobile Programming

INTEREST

•Data Structures And Algorithms
•Web Development
•Machine Learning

EXPERIENCE

BYJUS Software Developer Engineer - 2
August 2022 - Present | Bengaluru, India
• I am working in Digital Finance Team and working on NodeJS, Java, Python, Django, MongoDB and AWS.
•Build Audit API for lending partners which will give access of LMS collections data based on query given.
